Do you want to increase traffic to your website for free? If yes, you are at the right place. In this article, I am going to share with you 3 little known ways to drive traffic for free.

If you want to succeed in internet marketing, you need traffic. Sometimes, you do not have the budget to buy traffic through PPC. So if you are on a shoe-string budget, there are things that you can do to drive traffic to your website for free.

**1. Video marketing.** Video marketing is one of the most powerful traffic generation channels. It has powerful elements such as visual and audio that will prompt people to take action. YouTube is a fantastic video sharing site that you must leverage on. Today, you can create a video easily with software such as Camtasia. Once you have created your first video, upload it to YouTube. Remember to tag your video with keywords that are related to what you are offering. Also, place important keywords in the Title and Description of your YouTube video.

**2. Develop a widget.** A good widget will go viral and get you tons of traffic for free. Some popular widgets are weather, calculator, calendar, pregnancy widgets, etc. If you do not have the programming capability, outsource it to a freelancer at a reasonable rate. You can get freelancers at places like RentACode and Elance.

**3. The power of FREE.** Have you read Chris Anderson's newest book: Free? If not, you should read it. Free is the new redical price. Think of ways to package your e-books, video, audio or other information together and give it away for free. The more you give, the more you will get back.
